

K track length table

the number of some tracks has been limited because:

```

2*2204 is suppressed in favor of 2202
3*2203 is suppressed in favor of 2201
2*2202 is suppressed in favor of 2201
2*2201 is suppressed in favor of 2200
7*2208 is suppressed in favor of 2207 + 2201 (-0.30mm)
6*2293 is suppressed in favor of 2209 + 2203 (-0.10mm)
    
```

maximum length: 540.00 mm

only best combination (least number of tracks) per same length shown
