

Z track length table

the number of some tracks has been limited because:

| | | |
|---------|---------------------------|-------------|
| 11*8504 | is suppressed in favor of | 8505 + 8503 |
| 2*8503 | is suppressed in favor of | 8500 |
| 2*8500 | is suppressed in favor of | 8505 |
| 3*8505 | is suppressed in favor of | 8594 |

all combinations shown up to length 1000.00 mm

only one best combination for same lengths

one combination for every millimeter for lengths more than 1000.00 mm
